..

Current legislation – and what it does

- Defines efficient DHC
- Defines of RES, waste h&c, cogeneration
- Establishes annual increase of RES/wh&c
- Establishes DHC as efficient alternative to RES
- Establishes non-discriminatory treatment vis-a-vis onsite RES
- Establishes national assessment of potential
- Provides funding

Current legislation – and what it misses

- Improving access to sources
- Providing tools for mapping and planning
- Taking a district approach
- Establishing non-discriminatory treatment vis-a-vis electricity
- Establishing national funding
